JOURNAL OF THE INSTITUTION OF STRUCTURAL ENGINEERS

INDEX Volume 65A Monthly 1987.

A

15-25 Artillery Lane, Spitalfields .....—Industrial news n.2 A7
Accrington, Lancs. New carpark at Arndale Centre, Accrington .....—Industrial news n.1 A3
Adhesives: Structural behaviour of reinforced concrete beams strengthened by epoxy-bonded steel plates 59
—Correspondence 150
"Advanced Composite Materials and Structures" Informal Study Group set up 221
A.E. Wynn Prize .....—Notes 393
Aiken, A.: Bending moments in brickwork panels —*Verulam* 273
Alkali-silica reaction:
Alkali-silica reaction—a progress report 339
Alkali-silica reaction in concrete .....—Correspondence 241
ASR in Japan—report of a mission team 305
Alsop, D.J.A.: American Museum, Bath ..—Industrial news n.5 A6
Analysis: EI values for dynamic analysis .....—*Verulam* 214
Anastasiou, K.: Holmes, P. and K. Anastasiou, K. Modelling of coastal dynamics .....—*Synopsis* 69
Anchor, R.D.: Guaranteed minimum strength ...—*Verulam* 152
Andrews-Kent Prize .....—Notes 393
Annual Dinner 1987..... 250
Annual Education Seminar, 2nd: Education of Structural Engineers 161
Anticrack reinforcement in slabs .....—*Verulam* 214
Appraisal of structures:
Floors in existing mill buildings .....—*Verulam* 34, 151
Large-panel system buildings 330
Structural assessment based on full- and large-scale testing 306
Archibald, A.E.: Shear resistance of bend-up bars—*Verulam* 331
W/L8 and all that.....—*Verulam* 153
Hogging moment reinforcement in T-beams ...—*Verulam* 304
Architectural cladding.....—Industrial news n.8 A6
Asbestos detection .....—Industrial news n.2 A4
The Ashton Memorial, Lancaster .....—Industrial news n.5 A4
Associate-Membership:
The Associate-member: is the Institution doing enough? .. —Viewpoint 45, 314
Direct entry (1986 scheme) 4
Membership (part 3) and Associate-Membership examinations, April 1987. Examiners' report 420
Pass list 429
ASR in Japan—report of a mission team 305
'At transfer' and 'in service' stresses .....—*Verulam* 333, 454
Atkinson, J.G.E.: Hogging moment reinforcement in T-beams —*Verulam* 453
Austen, G.J.: Yes—we can hear you at the back, some of us are listening, and a few do care about more than personal status and remuneration ..... —Viewpoint 85
Awards, 1985-1986 session .....—Notes 1, 74
Azzaro, D: Coordinated project information 245

B

Barnes, M: White, A.S. and M. Barnes, Roles and responsibilities under the BPF system 90
Barns: Historic threshing barn, Wolseley Bridge, nr. Rugeley, Staffs. .....—Industrial news n.5 A6
Barnshaw Section Benders Ltd beam and cambereng works at Coseley .....—Industrial news n.10 A13
Beadle, P: The Associate-Member: is the Institution doing enough? .....—Viewpoint 314
Beal, A.N.
Code for masonry structures .....—*Verulam* 249
Floors in existing mill buildings .....—*Verulam* 386
Beams:
Hogging moment reinforcement in T-beams ...—*Verulam* 304, 453
Shortcuts in design (central deflections of simply supported beams) .....—*Verulam* 303
Structural behaviour of reinforced concrete beams strengthened by epoxy-bonded steel plates 59
—Correspondence 150
Bending moments in brickwork panels .....—*Verulam* 273, 383
Biggs, R.G.: Free-standing masonry walls .....—*Verulam* 384
Billington, C.: Ties for precast concrete floors ...—*Verulam* 78
Birmingham: Design and construction of the Queen Elizabeth II law court (Birmingham) 323
Blockley, D.I.: Pidgeon, N.F., D.I. Blockley, and B.A. Turner, Design practice and snow loading—lessons from a roof collapse .....—Discussion 236
Blower, T.: Potential consequences for surface structures of rising groundwater levels beneath London 234
Bloxham, J.W.: Swamy, R.N., R. Jones, and J.W. Bloxham, Structural behaviour of reinforced concrete beams strengthened by epoxy-bonded steel plates 59
—Correspondence 150
Blue Circle Industries headquarters building, Aldermaston, by D.J. Alsop 99
Bobrowski, J.: Design philosophy for long spans in buildings and bridges .....—Discussion 146
Bolt tensioning .....—Industrial news n.5 A8
Bolton, A.:
Lewis Kent Award recipient 1987 .....—Notes 277
Response to 'The pursuit and appreciation of excellence by D. Wardle' .....—Viewpoint 86
Bournemouth Recreation Centre: Timber (2) (glulam arches, Bournemouth Recreation Centre) .....—Industrial news n.12 A12
Branch awards 1986-1987 .....—Note 393
Branches:
Peterborough Section of Bedfordshire and Adjoining Counties Branch set up .....—Note 83
Nigerian section given branch status .....—Note 257
North Wales Section of Wales Branch set up .....—Note 159
Brandt, G.: Settlement and liability.....—*Verulam* 118
Brearly, L.: Floors in existing mill buildings .....—*Verulam* 272

Brett, P.R.: Industrial Units, Hassocks Wood, Basingstoke . 329
Response to 'The Associate-Member: is the Institution doing enough? by P. Beadle'.....—Viewpoint 45
Brett, P.R., D.A. Nethercot, and G.W. Owens,: Continuous construction in steel for roofs and composite floors..... 355
Bridges:
Bridge maintenance.....—Industrial news n.1 A7
Bridge rules OK! Road, rail and ro-ro bridges to BS 5400 —*Synopsis* 413
Bridge winners and losers (rapid evaluation of bridge designs and construction methods)..... 141
Burton Road Bridge, Lincoln bypass (concrete)..... —Industrial news n.7 A4
Contin Bridge, Strathpeffer. Girder bridge problem..... —Industrial news n.4 A8
Cracking in a prestressed concrete bridge deck .—*Verulam* 79
Design philosophy for long spans in buildings and bridges —Discussion 146
Girder bridge problem.....—Industrial news n.4 A8
Kenwith viaduct, Concrete Society awards—Industrial news n.7 A7
Killiecrankie viaduct, Concrete Society awards 1987..... —Industrial news n.7 A6
Middlesbrough viaduct, Concrete Society awards 1987.... —Industrial news n.7 A6
Southwark Bridge: Bridge maintenance..—Industrial news n.1 A7
Stress limits for reinforced concrete in BS 5400..... 259
Broadbridge, A.: Framing a staircase.....—*Verulam* 417
Broadview Savings & Loan Co., Cleveland, Ohio..... —Industrial news n.10 A10
Bronze: Stabilising monumental bronze: the statue of Lord Carson of Duncairn, Parliament Buildings, Stormont, Belfast 265
Brown, C.H.: Development of the Morecambe Bay gas field 382
Building elements and systems.....—Industrial news n.11 A10
Building Industry Council—new hope for the future..... 388
Building Regulations:
Checking to Building Regulations.....—*Verulam* 248, 387
Height extensions under the Building Regulations—*Verulam* 454
Tensile stresses in concrete.....—*Verulam* 247
Building services.....—Industrial news n.8 A8
Burne, M. and others: Response to 'The Associate-Member: is the Institution doing enough? by P. Beadle'..—Viewpoint 45
Burton Road bridge, Lincoln bypass. Concrete Society award —Industrial news n.7 A4
Buttler, F.G.: 'Alkali-silica reaction in concrete, by D.W. Hobbs'.....—Correspondence 241

C

Cable-net structures: Design and construction of the Diplomatic Club, Riyadh..... 15
—Discussion 377
Cambridge: Westbrook Research Centre, Cambridge. (Timber roof trusses).....—Industrial news n.11 A13
Camilleri, D.H.: Code for masonry structures ...—*Verulam* 118
Campaign for Practical Codes of Practice: Results of referendum —Note 258
Campbell, Peter: Fee competition.....—Viewpoint 279
Professional conditions of engagement, with particular reference to the BPF/ACE conditions..... 95
Campbell, R.: Hogging moment reinforcement in T-beams.. —*Verulam* 453
Can we offer support? Institution-sponsored session of the XVIth Congress of the UIA—'Shelter and cities: building tomorrow's world'..... 281
Can you trust computers?.....—*Verulam* 334, 387
Can you trust computers? (steelwork design)—*Verulam* 274, 387, 415
Canada. Presidential visit to Canada..... 264
Carlisle: Cathedral roof repair.....—Industrial news n.12 A8
Carvalho, L.J.: Quality assurance in practice on site..... 137
Case histories (Paper from the colloquium: Multistorey steel buildings—a new generation)..... 55
Cathedral roof repair. [Carlisle].....—Industrial news n.12 A8
Cavity wall reinforcement.....—Industrial news n.8 A10
Channel tunnel surveys.....—Industrial news n.2 A4
Chase, J.T.: Tensile stresses in concrete.....—*Verulam* 247
Checking to Building Regulations.....—*Verulam* 248, 387
Churches: Timber framing [church, Loughton, Essex]..... —Industrial news n.11 A13
Civil engineering:
Civil engineering and architectural studies in France..... 185
The education of civil engineers in Germany..... 182
Cladding:
Architectural cladding.....—Industrial news n.8 A6
Design criteria for structural sandwich panels..... 435
Structural support (2) [stone cladding] ..—Industrial news n.6 A10
Clancy, B.P.:
Floors in existing mill buildings.....—*Verulam* 151
Practical postgraduate training of young engineers..... 200
Response to 'The pursuit and appreciation of excellence, by David Wardle.....—Viewpoint 86
Clarke, L.A.: Shear resistance of bent-up bars...—*Verulam* 385
Clarke, J.L.: Structural assessment based on full and large scale testing..... 306
Coburn, A.W.: Spence, R.J.S. and A.W. Coburn, Earthquake protection—an international task for the 1990's..... 290
Code for masonry structures.....—*Verulam* 118, 249
Codes of practice:
Bending moments in brickwork panels.....—*Verulam* 273
Creep of timber.....—*Verulam* 118
Code for masonry structures.....—*Verulam* 118, 249
The dangers of 'pick and mix' use of Codes...—*Verulam* 387
Design stresses in BS 5950.....—*Verulam* 387
Referendum on Codes of Practice.....—Notes 43, 72, 258
Shear resistance of bend-up bars.....—*Verulam* 273, 385, 417
Steelwork design to non-UK standards.....—*Verulam* 335
Stress limits for reinforced concrete in BS 5400..... 259
Colloquia:
The engineer's tasks and responsibilities—the effect of different forms of contract..... 89
Multistorey steel buildings—a new generation..... 47
Realising quality—checking, inspection, training and assurance 131
Refurbishment and renovation.....—Discussion 269
Towards better structures for tomorrow..... 9
Columns:
Design of slender masonry walls and columns of geometric cross-section to carry vertical load..... 443
Influence of connection stiffness on column strength..... 399
Comparative costs of single-storey steel framed structures... —Correspondence 70
Composite construction:
Colloquium: Multistorey steel buildings—a new generation 47
Continuous construction in steel for roofs and composite floors 355
Composite flooring.....—Industrial news n.3, A4 n.6 A8
Computers:
Can you trust computers?.....—*Verulam* 278, 334, 387
Concrete design software.....—Industrial news n.3 A3
Structural engineering and IT. Introductory note—Discussion 406
Concrete design:
Concrete design software.....—Industrial news n.3 A3
A rational approach for design of concrete structures.... —Abstract 417
Concrete piles.....—Industrial news n.10 A12
Concrete Society awards 1987.....—Industrial news n.7 A4
Concrete storage domes.....—Industrial news n.11 A5
Concrete testing.....—Industrial news n.2 A7
Conditions of engagement: Professional conditions of engagement, with particular reference to the BPF/ACE conditions..... 95
Construction fixings.....—Industrial news n.7 A7
Construction management contract and the role of the engineer, by C.S. Tyler..... 96
Contaminated land: Problems of the first world..... 284
Continuing professional development—some observations on mid-career courses, by F.H., Needham..... 106
Continuous construction in steel for roofs and composite floors, by P.R. Brett, D.A. Nethercot and G.W. Owens..... 355
Contractor's view, by D.W. Quinion..... 135
Contracts: Colloquium. The engineer's tasks and responsibilities—the effect of different forms of contract..... 89

Cooling towers: Reconstruction of cooling tower B2, Concrete Society awards ....—Industrial news n.7 A7
Cooper, D.I.: Structural design and construction of two Baha'i Houses of Worship ....—Discussion 448
Coordinated project information, by D. Azzaro 245
Corrosion protection:
Corrosion protection [concrete] ....—Industrial news n.4 A8
Stabilising monumental bronze: the statue of Lord Carson of Duncairn, Parliament Buildings, Stormont, Belfast.... 265
Corrosion-resistant components ....—Industrial news n.6 A8
Costs of construction: Bridge winners and losers (rapid evaluation of bridge designs and construction methods) 141
Council:
Constitution of Council and Standing Committees 1987-88 344
Council elections 1987-88 ....—Notes 27
Courses management: Continuing professional development—some observations on mid-career courses 108
Courcy, J.W. de: Emergence of reinforced concrete, 1750-1910 315
Cover story (structural steelwork for automated storage/warehouse for Mail Newspapers plc, Surrey Docks, London) —Industrial news n.11 A5
Crack width gauge....—Industrial news n.6 A8
Cracking in a prestressed concrete bridge deck ...—*Verulam* 79
Creep of timber ....—*Verulam* 118
Critical spacing of lateral supports in BS 5950 ...—*Verulam* 414, 416
CUNA office building, Madison, Wisconsin—Industrial news n.10 A8
Current scene, by J.H. Mathys 47
Curtain walling ....—Industrial news n.3 A4
